

## THE ROMAN CATHOLIC CHURCH'S FORTIFICATION CHAMBERS

***“And I saw, and, behold, a greenish pale horse hewn with pink, and the one sitting upon it, that rider’s name was Death, and She’ol was following with him. And there was given to them authority over a quarter of the world, to kill with sword and with famine and with death and by the animals of the earth.”***  
**---Revelations 6:8**

The Roman Catholic Church has one-hundred and eleven parishes on every continent, with the exception of the *Antarctic campus*. The Antarctic campus has twenty-eight buildings.

Every parish aside from the Antarctic’s has three buildings and the center buildings have all been converted to *Luftwaffe*-style bunkers since 1948, with the exception of the *Vatican* in Rome. The Vatican’s center building has *always* been a *Luftwaffe*-style bunker.

With the exception of the Vatican, the *Luftwaffe*-style bunkers within each parish are outposts. The Vatican has been using these outposts to gather intelligence on sons of Israel and second sons of Israel since their construction.

The outpost on the parish of *Saint Mary Our Queen Catholic Church* in Norcross, Georgia was the last created. That campus has a tunnel system underneath the Cathedral, as does every parish Cathedral.

The tunnels connect into an adjacent neighborhood and is used to funnel *Ku Klux Klan* members and *Weimar Eternals* into the neighborhoods for consummation and/or consumption with sons of Israel. They are also set up to abduct second sons of Israel for rape and torture.

Each tunnel network is accessible through the sewer system. The entry ways are all seventeen feet eleven steps down to the right of the steel garter ladders built into each. All of the sewerage system have five ten-and-a-half inch openings and an elevated man-hole cover topped with concrete. Some of the entryways into the Cathedrals are locked.

The tunnel systems are not labyrinths. They are all straight and downward with a discrete end point. The one within *Saint Mary Our Queen Catholic Church* in Norcross connects to 3363 Kiveton Drive in a townhome community known as Kedron Falls.

That home was once owned by the original member of the *700 Club*. His name was Oliver Ostridge. It dissipated into dust earlier this month as did the soul that had willingly entombed itself in the encasement.

Each campus is much the same. The Roman Catholic Church feeds souls that had knowingly broken all seven Catholic sacraments into the encasements and drains them of their souls. The drainage is used to feed the bodies of dead Catholic *Papas* and their *Papacies*.

Both are buried within the center of Tienanmen Square within a circular hive 400 meters down and 500 meters in circumference. The containers broken open were all shattered last December when Morgan Freeman Junior slipped into them. Freeman was also known as No Go and William Shakespeare. No Go dissipated into dust last September. The Antarctic's campus is set in a four-by-seven rectangular grid pattern. The middle two buildings of each quad are both *Luftwaffe*-style bunkers.

The left *Luftwaffe*-style bunkers on the Antarctic campus are broadcast towers. Weimar Eternals believe they can recall *Mothra* once all Israel's second sons are raped and impregnated. *Mothra* dissipated into dust last January.

The right *Luftwaffe*-style bunkers on the Antarctic campus contain the ashes of the mothers of deceased Popes. Seventeen of the catacombs are empty. Their mothers returned to Christ upon their excommunications.

One of the excommunicated Popes also returned to Christ last year. That was Pope Clement. Fifteen of the other sixteen excommunicated Popes are still under torture in the salt mines underneath the city of Tokyo. Pope Lucian capitulated to the angel cast out of heaven by Christ in 1988 and became a servant in his service. It was known as Leslie Mann. Lucian dissipated into dust last week.

The left-most buildings of each Catholic parish are the dining and residence quarters of the local Archdioceses. Like the *Luftwaffe*-style bunkers they are protected with wireless security camera systems and fortified with bullet-proof silicon doors with steel encasements. The doors themselves are flammable with World-War I Bic-style flamethrowers. Each building has four ten-foot chambers below ground with three and a half feet of reinforced concrete between each floor. The dining and residence quarters are unarmed.

The rooftops of the dining and residence quarters offer egress, as do the *Luftwaffe*-style bunkers. The dining and residence quarters have tunnel systems within the first and fourth floors. Those tunnel systems lead out to sewer pipes near the entryway roads into the Churches left and to the back of the dining and residence buildings themselves.

The Cathedrals themselves are highly flammable from the inside. They are built of lacquered wood and flame upon the walls of the Cathedrals would collapse the foundations like McDonnell Douglas A28's did in World War II.

*Saint Mary's Our Queen Catholic Church* in Norcross, Georgia has a Central Intelligence Agency building to its Southeast. It is located off Crooked Creek Road and adjacent to a pond.

That building was leased by *Diamond Entertainment*, a subsidiary of *Diamond Wholesellers International*. It was used by Cosa Nostra, the Central Intelligence Agency, and the Roman Catholic Church to test weaponry through AT&T satellite systems and AT&T's 1000MBS infrared sonar telecommunications systems. The Bilderberg network sold the systems to the United States military, and they were developed by Great Britain's GCHQ in 1986.

The grand plan for the 700 Club, the Bilderberg Network, the CIA, the Roman Catholic Church, and the British Crown was to enslave the entire North American continent and restore a plantation system.

Both the Roman Catholic Church and the Bratva had designs on herding humans as livestock and feeding the carcasses to a *Fourth Reich* within Asia over the next 1000 years.

The Forbes Family Foundation had different ideas. They envisioned feeding Malcomb Forbes Sr. the flesh and allowing him to die of consumption. They then planned to resurrect Cleopatra for a fifth time.

The Forbes *cabal* planned to devour the sons of Israel over a seventy-five hundred period much as Cleopatra devoured most the world following David's death through 188BC.

The *cabal* itself included seven-hundred seventy-seven families. Along with Malcomb Forbes Jr. and his daughter Suzanne Scott, those families included my own, the Lazzards (once known as the Lazenbys), Louis Drymount's, and Karl Rove's.

Forbes Jr. was once known as Mortimer McCoo and Susanne Scott was referred to as Malcomb Forbes III until 2014. Lawrence Edward Lazzard posed for his photos after he raped and murdered seventeen naïve young women Lazzard is better known as Prince Harry Duke of Sussex today.
